January 1, 2014

Welcome to 5 O’Clock Records! Please take some time to read our Master Services Agreement.

5 O’Clock Records, Inc., (collectively, “we,” “us,” “our,” or “the Company”) developed this medical record service (the “Platform”) to make it easy for you to manage medical records requests and focus on what’s important -- providing quality care to your patients.

We have tried to draft this Master Services Agreement (“Agreement”) to be readable to people like you. Unfortunately, the realities of the legal world make it a very difficult task. So, should you have any questions or concerns or would simply like to better understand how we do things, please do not hesitate to contact us by calling us at (888) 895-8366, extension 1, or emailing support@5oclockrecords.com. However, in the absence of a written agreement to the contrary, this Agreement shall control your relationship with the Company.

We reserve the right to change or modify portions of this Agreement at any time. Any changes to this Agreement will be posted on the Platform. You are responsible for checking the Agreement for any changes or modifications, which shall be effective upon posting. If you do not agree to this Agreement (or any future revisions), you must leave the Platform immediately and you may not use the Platform.

Platform Description: The Platform is designed to streamline the medical record request process by handling patient requests for medical records, receipt of patient requests by doctors and hospitals, pricing, and collection of payments for such requests. responsible for any and all activities that occur under your password or account. Terms and Conditions Applicable to Providers or Custodians of Medical Records

In this section, "Custodian" means any entity responsible for maintaining custody and privacy of medical records for patients. Custodian hereby appoints the Company to provide services relating to receipt of patient requests for medical records, delivery of medical records, and collection of payments for such requests.

Medical Records Fees: The Custodian shall have the option to set the price of the record to either a state-specific "State Fee" or "Standard Fee" pricing methodology setting. A State Fee is a Fee based on the guidance of the applicable state legislature that has enacted a statute on the pricing of medical records. The Standard Fee setting automatically charges a one-time fee of \$50 per record for search and retrieval plus \$1.50 per page up to 100 pages and \$.75 per page thereafter.

The State Fee option is a pricing strategy designed by the Company to guide the Custodian to a medical records price determined by statute in the state identified by the provider on the Platform. We do not recommend that Custodian automatically accept the default settings for State Fees provided in the Platform, since additional considerations may need to be taken into account in setting a price for a particular medical record in order to fully comply with a particular state's law. In the case of either the Standard Fee or State Fee setting, the total fees billed for any record may be adjusted by the Custodian at any time prior to payment on an individual record basis, and Custodian will be solely responsible for selecting the pricing methodology and fee to be billed for each medical record request. Notwithstanding the foregoing, the Company has right to set a lower price at its sole and absolute discretion on behalf of the Custodian if the requestor contacts our customer service team. In each case, the Company will obtain Custodian approval prior to implementing such change.

Optional Services Fees: The Platform offers optional services which may be selected by the Custodian at any time on the platform. While the Platform may be pre-set to charge default rates for these optional services, these prices may be modified at any time by the Custodian on an individual record basis.

Payment Processing: The Company uses a vendor to process electronic credit and debit card payments. When payments are registered on our site, five percent (5%) of the total charge incurred for the base medical record or optional services will be deducted by the Company for payment processing.

Revenue Share: For each medical record request, Company collects revenues and pays the Custodian a percentage of the Revenue Collected. As used herein, "Revenue Collected" means all monies actually received by Company less transactions costs, including but not limited to credit card and bank fees, free records processing charges, and payment processing charges. For any records services (including records charges or additional services ordered through the site), the Company collects fees and shall pay the Custodian fifty percent (50%) of the Revenue Collected.

Free Records: Custodians have the ability to make any record release free for a particular requestor. Requests for medical records made by other healthcare providers are always free, including any additional and optional services; however, if a request is made by a requestor who is not a healthcare provider and that record is provided free of charge, then a processing charge of Five Dollars (\$5.00) will be incurred by Company.

Custodian Collections/Payment: The Company will remit payment to the Custodian within fifteen (15) days following the close of the calendar month in which the Company receives the Revenue Collected. Payment will be rendered by check delivered to the address registered by the Custodian on the Platform
